DESCRIPTION

Thank you for choosing the Sonodyne SGS 101. In gardens and pool sides, where wall mounting speakers are not an option, the SGS 101, with its unique looks, is a perfect fit. The SGS 101 has a high grade 6" coaxial transducer with exceptional sound quality. It is 100% water-proof and has 100V connectivity option.

INSTALLATION

<p>STEP 1: Find a strip of hard soil on the grass/ground of about 400mm x 400mm minimum size</p> 	<p>STEP 2: Place the garden speaker carefully on the ground</p> 
<p>STEP 3: Fix the garden speaker to the ground with screws</p> 	<p>STEP 4: After installation, complete the connections with 100V lines</p>
